2024 Community Benefits

Added 3 employed providers

By continually investing in our facilities, we're helping to ensure that we continue to meet our community's healthcare needs. This year's investments included surgical services sterilizers, a new pharmacy system utilized for improved medication safety and administration, Aquablation therapy for prostate care and a portable X-ray machine for imaging services.

Distributed a payroll of \$75,127,006 to approximately 810 employees

We strive to create an environment where talent is recognized, job satisfaction is valued and our employees can effectively use their skills to provide high-quality care and services.
